Wrocław, Poland

Permanent residence permit in Poland (Stały pobyt)

SKILLS

Languages
TypeScript, JavaScript, HTML, CSS / SCSS

Frameworks & UI
React, Next.js, Angular, Chakra UI, Tailwind, Framer Motion

Data & APIs
TanStack Query, REST APIs, commercetools, Sanity (CMS)

Testing & Docs
Cypress (e2e), Vitest, React Testing Library, Storybook

Tools
Git, GitHub / Bitbucket, Figma

LANGUAGES

English B2

Polish C1

Ukrainian (native)

ABOUT ME

I enjoy building web applications and learning new technologies through real-world projects. My work principles:

- Know my tools well and make full use of their built-in functionality before adding new libraries
- Write clean code with minimal dependencies
- Build responsive interfaces with user-friendly design

WORK EXPERIENCE

Columbus

Junior Frontend Developer

Sales Assistant: a feature built for a client's e-commerce platform that helps store employees serve customers and recommend products.

Stack: Next.js (App Router), React 19, TypeScript, Chakra UI, next-intl, commercetools, Web Speech API, Cypress, Biome

- Developed the voice recognition mechanism using the Web Speech API: speech capture, language handling, microphone permissions, and a clean view/hook architecture.
- Developed the chat that presents the results: voice and text input, product grid with filters, sorting and pagination, keyword tags, and session history restored after visiting a product page.

PORTFOLIO

House Staff · e-commerce storefront · **Live demo** · **Storybook** · **GitHub**

React, TypeScript, Vite, TanStack Query, Context API + Reducer, SCSS Modules, Storybook, Vitest, React Testing Library

- Cart and wishlist for guests (localStorage) and signed-in users, with Google OAuth and order placement through a Node/Express REST API
- Responsive UI with code splitting, component tests, and components documented in Storybook

TRAINING

- The Modern JavaScript, javascript.info
- React + TypeScript: From Beginner to Advanced (incl. React 19), Andrii Polishchuk (Udemy)
- Angular Deep Dive: Beginner to Advanced (Angular 22)

I hereby consent to the processing of my personal data for the purposes of the recruitment process in accordance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 (General Data Protection Regulation).
